Forecast for Thursday 26 Nov 2020

Weather: Mostly dry with variable cloud and some clear or sunny intervals. The best chance of the sunshine is over the east of the area while further west there will be more in the way of cloud, perhaps with the odd very light shower. Fog patches will develop more widely in the evening in the valleys but the hills will become clear.

Chance of cloud free mountain/hill tops above 600m: 20% in the west with some cloud on hills likely but nearer 50% in east and improving 80% in the evening.

Visibility: Moderate or good but poor at times in mist, very poor in valley fog in the evening.
